## STARPORT

The RAILBLAZA StarPort is a unique and versatile mount used in a huge number of applications. The StarPort allows users to fit and swap out our full range of RAILBLAZA accessories. Made from high grade engineering plastics, the StarPort is easy to fit and stylish. It can be surface or recess mounted on power boats, inflatables, sail boats, kayaks, ATVs, garages & many other applications...

- StarPorts can be horizontally or vertically mounted in minutes
- Low profile surface mount & minimal intrusion depth when recess mounting
- Includes a stylish locking slide for securing accessories firmly in place
- Gasket and bung reduces water ingress

### Single Pack

Black, **Part Number: 03-4015-11**

### Twin Pack

Black, **Part Number: 03-4001-11**  
White, **Part Number: 03-4001-21**

## SIDEPORT

If you need to mount on a vertical surface, but require a horizontal port (or vice versa), the SidePort is the mount for you. It's ideally suited for gunwales of smaller aluminium boats or vertical cockpit wells on kayaks. Fitted in only minutes, and sold with all necessary stainless steel fasteners the SidePort is a fantastic mount and great value for money.

Fasteners included.

Black, **Part Number: 03-4014-11**  
White, **Part Number: 03-4014-21**

## STARPORT HD

Many vessels are made to suit the mount base pattern of Scotty, RAM, Cannon, Fish-on, and many others. Now RAILBLAZA's original accessories can easily be fitted to these vessels. After many requests we introduce the StarPort HD. This is a stylish, four screw base mount, which comes with the popular RAILBLAZA locking slide, and is lower in profile than others on the market.

The StarPort HD can also be centrally mounted on many popular track systems, with the added versatility of tool-free adjustment.

Black, **Part Number: 03-4046-11**

## RAILMOUNTS 19-25

RAILBLAZA RailMounts are simple-to-use mounts, allowing the easy attachment of RAILBLAZA accessories, and many other things. Simply screw the RailMount together onto your rail, no need to drill holes so you can easily move the RailMount to a different spot, and your rail is as good as new! The RailMount 19-25 can be mounted onto any 19 or 25mm (0.75 or 1") rail in minutes.

All RailMounts come complete with adapters, rubber grips, self-adhesive grip tape and the necessary stainless steel mounting screws.

### Comb Pack

Black Railmount & StarPort, **Part Number: 03-4011-11**  
White Railmount & StarPort, **Part Number: 03-4011-21**

## RAILMOUNTS 32 - 41

The RailMount 32-41 is specifically designed for both circular and square 32 mm (1.25 in) rails, 41mm (15/8") round rails such as those found on Hobie kayak outriggers, and the New Hobie H-Rail.

All RailMounts come complete with adapters, rubber grips, self-adhesive grip tape and the necessary stainless steel mounting screws.

Supplied with all necessary fasteners.

### Comb Pack

Black RailMount & StarPort, **Part Number: 03-4013-11**  
White RailMount & StarPort, **Part Number: 03-4013-21**

## MINIPOINT TRACMOUNT

The MiniPort TracMount is designed to fit most existing kayak tracks, including, Wilderness Systems, Native Watercraft, Yak Gear & YakAttack. Tool-less operation allows easy fitting and adjustment by turning the MiniPort clockwise which tightens directly in the track using our TracNut. To re-position in the track, turn counter clockwise to release. You can also attach to SUP's which have 1/4 20 threaded inserts in the deck, the TracNut would need to be removed.

Please note: Designed for use in light duty applications.

Black, **Part Number: 03-4108-11**

**RAILBLAZA**  
HOLD EVERYTHING...

## CLEATPORT

Two applications in one. The CleatPort gives you a tie off point for stern lines and bow lines on small craft. The StarPort gives the extra functionality of adding any RAILBLAZA accessory. Included is a unique backing plate keeping stainless fastenings isolated from aluminium decks avoiding corrosion.

Black, **Part Number: 03-4044-11**  
White, **Part Number: 03-4044-21**

## CLEATPORT RIBMOUNT

Bringing the Functionality of the CleatPort to your PVC or Hypalon inflatable boat. It's a simple idea, but very effective. Now your cleat can hold your fishing rod, mobile phone, drink, navilight, or anything else that a RAILBLAZA accessory can hold. The CleatPort RIBmount is supplied with a 3M VHB pad this allows you to peel and stick the CleatPort RIBmount, then fit any of your favorite RAILBLAZA accessories.

Black, **Part Number: 03-4066-11**  
White, **Part Number: 03-4066-21**  
Grey, **Part Number: 03-4066-51**

## RIBPORT

Fitting rod holders and other accessories to RIB's & inflatable boats just got easier. Now you can fit accessories like rod holders, bait boards, fish finders and more to RIB or inflatable boats and kayaks without hassle or messy glues. The new 3M VHB pad allows you to peel and stick the RIBPort mount, then fit any of your favorite RAILBLAZA accessories.

The 3M VHB pad is now supplied with every RIBPort pack.

Black, **Part Number: 03-4064-11**  
White, **Part Number: 03-4064-21**  
Grey, **Part Number: 03-4064-51**

## QUICKPORT

This stylish, low profile, stick on mount is easily fitted to most surfaces. It is designed for use where fasteners are unable to be used. Applications include inflatable boats and SUP's. It will also work well on fibreglass SUP's, aluminium and fibreglass decks.

Black, **Part Number: 03-4087-11**  
White, **Part Number: 03-4087-21**

## TRACMOUNT KIT

The TracMount kit allows you to attach StarPorts to leading brand kayak tracks, will fit many brands including Wilderness Systems, FeelFree, Yak Gear, Yak Attack.

**Part Number: 03-4104-11**

## STARPORT HD TRACMOUNT KIT

The StarPort HD TracMount kit attaches the StarPort HD to most kayak tracks. This gives tool free adjustment and by opening the centre holes, the StarPort HD can be centrally located on the track.

**Part Number: 03-4109-11**

## TRACWEDGE

The RAILBLAZA TracWedge enables the easy installation of StarPorts and SidePorts into the gunwale tracks on most aluminium boat brands in Australia under 4m.

No drilling of holes required and ports can be moved easily.

- Fits gunwale channels on Quintrex, Stacer, Savage, Stessl, Stessco and Sea Jay open boats
- Two models available, StarPort or SidePort
- Receives all RAILBLAZA accessories including rod holders, drink holders, navigation lights, fish finders and baitboards
- Keeps your boat tidy and free of clutter
- Easily moved to a new position along the gunwale

*TracWedge SidePort  
gunwale mount,  
Part Number: 03-4126-11*

*TracWedge StarPort gunwale  
Part Number: 03-4127-11*

## TRACLOADER

### Bass Boat Mounts

TracLoader has been designed to fit the gunwale tracks of most of the aluminium bass boats in the USA. It allows tool free installation of SidePorts and StarPorts to boat brands like Tracker, Stratus, Lund, Ranger and Crestliner. TracLoader can be installed and removed at any point along the gunwale track without tools. Once in place it allows you to fit and swap out our full range of RAILBLAZA accessories.

### PLEASE NOTE:

TracLoader does not fit the Slimline or Expanda kayak tracks

*TracLoader SidePort,  
Part Number: 03-4114-11*

*TracLoader StarPort,  
Part Number: 03-4115-11*

## TRACLOADER SUREMOUNT

### Crestliner SureMount Gunwale accessory system

TracLoader SureMount will fit the gunwale tracks on Crestliner aluminium fishing boats 2018 onwards. It allows tool free installation of SidePorts and StarPorts allowing the versatility of the full RAILBLAZA accessory system. Supplied with all fasteners.

### PLEASE NOTE:

TracLoader SureMount will fit the Slimline or Expanda kayak tracks

*TracLoader SureMount SidePort,  
Part Number: 03-4128-11*

*TracLoader SureMount StarPort,  
Part Number: 03-4129-11*

## THE TRACPORT DASH SERIES

The TracPort Dash 350 turns one StarPort into three. TracPort Dash 500 turns two StarPorts into four. StarPorts slide to adjust in track. Extra StarPort TracMounts can be purchased separately.

StarPort TracMount Kit ordered separately if you need to add extra StarPorts to the track.

StarPort TracMount Kit,  
Part Number: 03-4101-11

TracPort Dash 350  
Includes 350mm (13.75") Track with 3 StarPorts  
installed and 2 attachment adaptors,  
Part Number: 03-4103-11

TracPort Dash 500  
Includes 500mm (19.5") Track with 4 StarPorts  
installed and 2 attachment adaptors,  
Part Number: 03-4102-11

## SLIMLINE TRACK

The Slimline Track is supplied in a 300mm (12") length. This compact track will fit most US brand kayaks. The kit is supplied with coarse self-tapping stainless steel screws.

The Slimline Track receives the MiniPort TracMount, StarPort or StarPort HD – with the relevant TracMount kit.

Track dimensions  
300mm(12") long x  
22.5mm(0.9") wide x  
13mm(0.5") high

Part Number: 01-4125-11

## KAYAK EXPANDA TRACK

The Kayak Expanda Track is a versatile, low profile track which is modular, and can be expanded in 75mm (3") lengths. Made of 15% fibreglass reinforced nylon the track is strong and UV resistant. The Expanda Track receives the MiniPort TracMount, StarPort or StarPort HD – with the relevant TracMount kit.

The kit includes 4 track lengths, 2 end pieces and screws for 3 mounting options. The parts can be assembled to make a 100mm (4") or 200mm (8") track, or by clipping the 2 ends together you can make a mount which will receive the MiniPort TracMount.

**Double end mount**  
45mm(1.8") long  
x 40mm(1.6") x  
10mm(3/8") high

**Single section**  
125mm(5") long x  
40mm(1.6") wide x  
10mm(3/8") high

**Double section**  
200mm(8") long x  
40mm(1.6") wide x  
10mm(3/8") high

Part Number: 01-4122-11

## FILLET TABLE

When you need a bit of 'chop' on the water  
The 525 x 350mm (20.7x13.8in) design allows for knife storage, has an all round drain (with fitting for hose underneath) that stops spill from the front, and no front lip to get in the way while filleting (includes two adjustable platforms). Fillet Table can be raised 125mm (5in) with the addition of StarPort Extenders.

*Fillet Table with platforms only, **Part Number: 02-4024-11***

*Fillet Table including StarPorts and platforms, **Part Number: 04-4024-11***

## ROD HOLDER R

The RAILBLAZA Rod Holder R is the little brother to the Rod Holder II. It is designed for holding fishing rods with spinning, baitcaster or fly reels. To secure your rod the stretchable strap at the front of the holder will wrap around the top for baitcaster and fly reels and round the bottom for spinning reels.

The Rod Holder R is a light duty rod holder suitable for fresh water & in shore fishing. It is not designed for trolling. If you need a Rod Holder for trolling check out our Rod Holder II. The Rod Holder R is available either as a kit complete with a StarPort HD, or as a rod holder by itself.

Rod Holder R only,

**Part Number: 02-4082-11**

Rod Holder R + StarPort HD Kit,

**Part Number: 04-4082-11**

## ROD TUBE

The Rod Tube has been designed to answer a lot of requests from customers. It is perfect for kayaks where anglers want to keep their reels elevated and clear of waves and splash. With the innovative RAILBLAZA drop-down gimbal, you can either keep your reel high and dry, or slot the reel into the end of the tube.

The Rod Tube is available as a complete kit with StarPort HD or as Rod Tube only to fit all other RAILBLAZA Ports

Rod Tube only,

**Part Number: 02-4118-11**

Rod Tube StarPort HD Kit,

**Part Number: 04-4118-11**

## ROD HOLDER II

The Rod Holder II is robust, versatile, it will hold your rod, you choose which position.

The Rod Holder II is available either as a kit complete with a StarPort, or as a rod holder by itself.

For spinning reels, baitcaster reels, boat reels, fly reels.

Allows you to fit your Rod Holder to any StarPort, SidePort, RailMount or RIBPort.

- Rotating collar helps reduce 'strike-theft'
- Rear gimbal lock reduces rod rotation for compatible rods; lift to slide rods through
- Fully adjustable 360° around, over 90° vertical
- Easy access to reel when in position
- Square-tooth adjustable tilt stops rotational slipping.

Black WEBEYE30, *Twin Packs*,  
**Part Number: 02-4005-11**

**RAILBLAZA**  
HOLD EVERYTHING...

## ATTACHMENT ADAPTOR

RAILBLAZA attachment adaptors are designed to make many items StarPort compatible. You can also bolt the 2 adaptors together to make a male to male fitting. The male to male fitting has been used to create a detachable system for tubes on kayak sailor kits & outriggers & has many other applications, enhancing the versatility of the RAILBLAZA StarPort system.

**Part Number: 02-4043-11**

## CUPCLAM

The CupClam drink holder can be mounted in either horizontally or vertically-mounted StarPorts, to hold mugs, stubbies, wine glasses, even wine bottles. The extendable fingers hold the taller items in place, yet everything collapses into a convenient flatpack for storage.

If you can't hold your drink, the RAILBLAZA CupClam will.

Black + StarPort Kits, **Part Number: 04-4008-11**

White + StarPort Kits, **Part Number: 04-4008-21**

## DRINKHOLD

Simplicity and versatility, the Drink Hold can be easily mounted into a vertical or horizontal StarPort and will hold anything from drink bottles to coffee mugs along with the ability to hang fishing lures or store pliers.

Like all our StarPort accessories it is easily removed and transferred to another port or stowed when not in use.

Black, **Part Number: 02-4048-11**

White, **Part Number: 02-4048-21**  
White incl StartPort, **Part Number: 04-4048-21**

## STOWPOD

### StowPod Storage Caddy

What do pliers, keys, fishing lures, cellphones, VHF's, binoculars, drink bottles, sunblock and mugs all have in common? The RAILBLAZA StowPod Storage Caddy will hold them all safe and secure.

If you want storage on your pushpit, rail, console, pedestal, inflatable tube, gunwale, or almost any surface, then the StowPod is for you. This unique design incorporates a movable partition, transforming one end to a drink holder, or leaving the entire pod open to hold larger items.

## KAYAK/ CANOE SOUNDER & TRANSDUCER MOUNT

### Kit Contents

- SwivelPort
- Adjustable knuckle joint
- Fixed StarPort Extender
- Cheek Mount Adaptor
- Rotating Platform (Only for 02-4060-11)
- 4x cable ties, 1x mounting screw

The Sounder & Transducer Mount has been developed for kayak anglers needing an easy way to install and remove fish finders or sounders. With this kit you can install and uninstall your fishfinder, sounder & transducer in a matter of seconds. With our extensive selection of mounts this kit can be adapted to fit any kayak or canoe.

### NOTE:

The transducer arm does not come with any Mounting Ports. **Mounting Port options:** ordered separately.

Arm & Platform, **Part Number: 02-4060-11**

Arm only, **Part Number: 02-4061-11**

## KAYAK/ DINGHY TRANSUCER ARM XL

### Kit Contents

- SwivelPort
- Adjustable knuckle joint
- Extender arm
- 4x cable ties, 1x mounting screw

The Transducer Arm XL is designed for kayaks and canoes with high freeboards, and dinghys with a solid transom allowing easy retraction and removal of the depth sounder transducer. With this kit you can install and uninstall your fish finder transducer in a matter of seconds. No messy adhesives or excessive drilling of fittings required. With our extensive selection of mounts (not supplied) this arm can be adapted to fit any kayak, canoe or dinghy. We recommend to retract if doing speeds over 8 knots.

### NOTE:

The transducer arm does not come with any Mounting Ports. **Mounting Port options:** ordered separately.

**Part Number: 02-4086-11**

## UNIVERSAL KAYAK MOTOR MOUNT

Super easy to clip on and off, your kayak can change from paddle only, to motor ready in under 30 seconds. This bracket will fit most models of kayak, and is suitable for, but not limited to the following motors:

- Minn Kota, all transom mount models
- MotorGuide, all transom mount models
- Water Snake, all transom mount models
- Torqeedo, all transom mount models

Length: 980mm (38.5 in)

Motor Pad size:

160mmH x 180mmW

(6.3 in x 7 in)

Supplied with 2 x StarPort

HD's and fasteners.

Fully adjustable mount positions

**Part Number: 04-4091-11**

**RAILBLAZA**  
HOLD EVERYTHING...

## SCREENGRABBA R-LOCK

These days chartplotter, sounder and even radar output can be read on popular consumer electronics. The ScreenGrabba holds your iPad, Galaxy Tab or other touchscreen firmly, even when it's in a waterproof bag or case.

The ScreenGrabba R-Lock now offers the flexibility of lockable friction joints.

This allows the ScreenGrabba to be locked at any viewing angle or to be locked in portrait or landscape orientation.

- Fits 120mm (4.75 in) - 250mm (10 in) tablets
- 360° rotatable with R-Lock locking feature
- Allows portrait & landscape viewing lockable with R-Lock feature
- Over 90° tiltable
- Will hold most hard & soft dry cases

*ScreenGrabba R-Lock + StarPort, Part Number: 04-4131-11*

*Screen Grabba R-Lock, Part Number: 02-4131-11*

## MOBI MOBILE DEVICE HOLDER

The RAILBLAZA Mobile Device Holder, or "Mobi" for short, is ready to look after your phone, GPS, VHF, EPIRB or other mobile device. Our unique design brings a new level of versatility to the device holder market. Once you have your Mobi you can attach it to any vessel or vehicle on water or land - basically any place you can install a RAILBLAZA mount.

### Features

- Spring loaded arms
- Rubber grip pads
- Optional retaining strap
- Adjustable and low profile option

### Holds

- Cellphone
- VHF
- EPIRB
- Hand held GPS

*Mobi only*

*Adjustable Mobi, Part Number: 02-4033-11*

*Low Profile Mobi, Part Number: 02-4034-11*

### Mobi+StarPort Kits

*Adjustable Mobi + StarPort Kit, Part Number: 04-4033-11*

*Low Profile Mobi + StarPort Kit, Part Number: 04-4034-11*

## CAMERA BOOM 600 R-LOCK

The RAILBLAZA Camera Boom 600 R-Lock is the best GoPro mount for your kayak, canoe, bass boat, yacht and/or other marine vessel.

It's not going to end well if you take a selfie stick out on the water, which is exactly why we decided to make the extremely versatile Camera Boom 600.

- Quality New Zealand made from high quality, waterproof and UV proof materials
- Easy single-handed adjustment using R-Lock friction joints
- R-Lock swivel joints can be locked, adjustable knuckle joint
- Unscrew GoPro mount to use ¼ 20" screw
- Light-weight and rigid with 5 adjustment axes
- Quick release with a flick of the StarPort lock
- Boom breaks into three pieces, for different mount heights

The GoPro mount can also be unscrewed to reveal a ¼ 20 thread for other camera types.

Part Number: 02-4132-11

## CAMERA MOUNT R-LOCK

Being adjustable to shoot at any angle as well as swivel 360 degrees, you can trust the RAILBLAZA camera mount products to securely and firmly hold your camera steady despite the pitch and roll of waves.

- Easy single-handed adjustment using R-Lock friction joints
- R-Lock swivel joints can be locked, adjustable knuckle joint
- Unscrew GoPro mount to use ¼ 20" screw
- Light-weight and rigid
- Quick release with a flick of the StarPort lock
- Top Camera Mount Adaptor is removable to make a low-profile mount

Part Number: 02-4130-11

## CAMERA MOUNT ADAPTOR

The Camera Mount Adapter from RAILBLAZA is the safe and secure option for holding your camera or GoPro on any kayak, canoe, bass boat, yacht and more.

The RAILBLAZA Camera Mount Adapter uses the universally compatible ¼ 20 thread screw which will easily attach your action camera or any device. Simply attach your device, and this camera mount will clip into any RAILBLAZA StarPort, SidePort, RIBPort or RailMount.

Part Number: 02-4053-11

## RODHOLDER EXTENDER

The Rod Holder extender will fit any of our 3 rod holders allowing 125mm (5 in) of extension. It gives full adjustability allowing the rod holder to be extended outwards or conveniently position your rod holder closer to you on your kayak. Care must be taken if used for trolling. Breakage can occur if drag is not set correctly. Always use a leash.

Extender only 125mm (5 in), Part Number: 02-4137-11

## ADJUSTABLE PLATFORM

The Platform can be used as a flat surface to make many items StarPort compatible, meaning these items can all be plugged in and locked in place on your inflatable, kayak, sailboat or any other place that will take a StarPort. The platform comes with pre-moulded screw holes, or more holes can easily be drilled, it allows you to tilt items 180 degrees, in 15 degree increments.

Once you have finished using the platform it can be removed and the StarPort can be retasked for another application.

Black, **Part Number: 02-4002-11**

Black + StarPort Kit, **Part Number: 04-4002-11**

**RAILBLAZA**  
HOLD EVERYTHING...

## FIXED EXTENDER

StarPort Extenders plug into any StarPort, and have the same star shape on top with a clever little lock. The Fixed Extender gives you 125 mm (5 in) of clearance from the StarPort - perfect for raising RAILBLAZA's Fillet Table, keeping fly rods clear of the water, and many other applications.

Black, **Part Number: 03-4016-11**

## ADJUSTABLE EXTENDER R-LOCK

With 2 x rotating R-Lock friction joints and a knuckle joint that tilts in 15° increments the Adjustable Extender R-Lock adds great versatility. Can be used for extending fish finder mounts to give extra viewing angles. Maximum weight limit with 2 adjustable extenders is .75 KG (1.65 lb) . Ideally suited when using HOOK2 4x or 5x or similar.

Length 170mm (6.7 in)

Black, **Part Number: 03-4144-11**

## SWIVELPORT

The SwivelPort is designed to allow accessories to be easily rotated 360°.

Factory set friction joint. Can be attached to any StarPort, SidePort, RIBPort or RailMount and will receive any RAILBLAZA accessory.

Black, **Part Number: 03-4042-11**

## ROTATING PLATFORM S

A platform for mounting fish finders or chart plotters with square or round bases, where a fixed plane surface is required but rotation is needed. Fits any RAILBLAZA StarPort mount

102 x 102mm (4 x 4 in.)

Black, Part Number: 02-4021-11

## ROTATING PLATFORM R

A platform for mounting fish finders or chart plotters with U shaped brackets, where a fixed plane surface is required but rotation is needed. Fits most fish finder brands. Fits any RAILBLAZA StarPort mount

160 x 60mm (6.25 x 2.3 in)

Black, Part Number: 02-4136-11

## FISH FINDER MOUNT R-LOCK S

A platform for mounting fish finders or chart plotters with square or round bases. This 3 axis mount has friction joints top and bottom featuring R-Lock lockable joints (pat pending). The centre joint is fully adjustable in 15-degree increments. Will take fish finders up to 1.5kg's (3.3 lb). Mount on angled surfaces and have your display level.

102 x 102mm (4 x 4 in) Height 170mm (6.7 in)

Black, Part Number: 02-4140-11

## FISH FINDER MOUNT R-LOCK R

A platform for mounting fish finders or chart plotters with U shaped brackets. This 3 axis mount has friction joints top and bottom featuring R-Lock lockable joints (pat pending). The centre joint is fully adjustable in 15-degree increments. Will take fish finders up to 1.5kg's (3.3 lb). Mount on angled surfaces and have your display level. Fits most fish finder brands.

160 x 60mm (6.25 x 2.3 in) Height 170mm (6.7 in)

Black, Part Number: 02-4141-11

## FISH FINDER MOUNT R-LOCK HOOK2

A fish finder mount for Lowrance HOOK2 4x and 5x models. This 3 axis mount has friction joints top and bottom featuring R-Lock lockable joints (pat pending). The centre joint is fully adjustable in 15-degree increments. Mount on angled surfaces and have your display level.

Height 170mm (6.7 in)

Black, **Part Number: 02-4142-11**

---

## LOWRANCE HOOK2 ADAPTOR

An adaptor allowing Lowrance HOOK2 4x and 5x models to become StarPort compatible.

Height 80mm (3.15 in)

Black, **Part Number: 02-4143-11**

---

## G-HOLDS

Hold varying types of items, like torches, knife sheathes, boathooks, oars, gaffs and much more.

- Three diameters - 35, 50 or 75mm (1.3, 2 or 3 in)
- They fit into any RAILBLAZA StarPort
- The flexible quick-release strap has two securing points for minimum and maximum diameters.

Black 35mm, **Part Number: 02-4026-11**

Black 50mm, **Part Number: 02-4027-11**

Black 75mm, **Part Number: 02-4028-11**

---

## GUNHOLD

The GunHold allows you to safely stow and transport your gun. The flexible rubber fingers shape to fit different gun butts and the strap secures the gun against vibration & damage. Will fit into all RAILBLAZA mounts. Sold singularly, however we recommend 2 units per rifle or shotgun.

We strongly recommend the RAILBLAZA GunHold is used in accordance with requirements of firearms legislation for the jurisdiction you are in.

Black, **Part Number: 02-4052-11**

## DIVE & GAS BOTTLE HOLDER

The Dive & Gas Bottle Holder can be used for holding dive bottles, gas bottles, fuel and water cans. Can be permanently mounted using fasteners supplied or made removable using our StarPort mounting system.

Kit includes:

- 2 x Brackets
- 2 x Straps
- 2 x Ladder locks
- 1 x Side release buckle
- 2 x Star Adapters for use when mounting into StarPorts
- 2 x Screw packs to allow permanent mounting

Mounting options ordered separately.

Black, **Part Number: 02-4056-11**

## TRACPORT DRIVE & GAS BOTTLE HOLDER KIT

The TracPort Dive & Gas Bottle Holder kit is a fully adjustable system allowing you to safely retain different sized dive bottles, gas bottles, fuel and water cans and even rubbish bins. Adjustable straps with quick release buckles allow for easy operation and full versatility.

Double bottle setup. Can be adjusted for different sized dive bottles. Once spaces for StarPorts has been decided, drill holes in TracPort to mount StarPort Adaptors - or fasten TracPort directly to surface.

Black, **Part Number: 04-4062-11**

## QUICKGRIP PUSH POLE HOLDER

Secure your push pole when not in use

- Clamps tightly to push pole
- Rotates 360 degrees
- Pivots 180 degrees
- 2 sizes available
- Supplied with StarPort and fasteners
- Allows for easy removal for stowage or adding other accessories

*QuickGrip Push Pole Holder 28mm (1 1/8" to 1 3/8"), **Part Number: 04-4116-11***  
*QuickGrip Push Pole Holder 32mm (1 1/4" to 1 5/8"), **Part Number: 04-4117-11***

## QUICKGRIP PADDLE CLIP STAR MOUNT

The QuickGrip Paddle Clip Star Mount will fit any RAILBLAZA port. Ideally suited for holding kayak or SUP paddles. They can also be used for storing landing nets, boat hooks and many other items that have a round shaft.

Available in two sizes 28mm and 32mm

28mm (1 1/8" to 1 3/8"), **Part Number: 02-4120-11**  
32mm (1 1/4" to 1 5/8"), **Part Number: 02-4121-11**

## QUICKGRIP PADDLE CLIP TRACK MOUNT

The QuickGrip Paddle Clip Track Mount will fit most kayak tracks including RAILBLAZA Expanda Track, Ascend, Wilderness Systems, Native Watercraft, YakGear and Yak Attack.

Easy to fit and holds most standard paddle shafts.

Size available 28mm (1 1/8" to 1 3/8")

Part Number: 08-0052-11

---

## HATCH WEDGE

Being regular boaties we got tired of the friction hinges not holding our hatches up. After getting frustrated at finding objects to hold the hatch at different heights the idea of a multi position hatch wedge was born.

Simple, but effective, the pattern of ridges and recesses will stop it from slipping out.

It holds the hatch open at 25, 50, 75, and 125mm (1, 2, 3 and 5"), and can be easily tethered.

Suitable for most hatches including Lewmar, Goyot, Moonlight, Vetus, Bomar, Gebo and Maxwell.

Hatch Wedge Pair, Part Number: 09-0006-11

---

## CAPTAIN'S HOOK

The Captain's Hook is an expandable low profile solution for hanging your ropes, hoses, paddles and much more. Supplied with fasteners and a 1m length of cord which can be adjusted to length for varying applications. When not in use it is low profile to avoid catching people or clothes.

Supplied in pairs, Part Number: 09-0007-11

## ILLUMINATE i360 WHITE LIGHT

The i360 meets the required standards for an all-round white navigation light for power and sailboats under 12 metres, and kayaks & canoes. Designed and made in New Zealand using high quality materials, and the latest LED technology.

3 operation modes

- Full brightness navigation mode 2NM – up to 25hrs battery life
- Low brightness work mode – up to 160 hrs battery life
- Flashing emergency Mode – over 200hrs battery life
- Waterproof to 1 metre.
- Floats with lens clear of water.
- Powered by 3 x AA batteries, not supplied.
- Meets USCG 2NM 33 CFR 183.810 & ABYC A-16.
- Fits any RAILBLAZA mounting port, ordered separately.

All round white light, Part Number: 02-5004-11

## ILLUMINATE iPS

RAILBLAZA have made a bi-colour, or port/starboard light, and not a tri-colour for a very good reason, as their target market for this product is power boats under 12 metres in length.

3 operation modes;

- Bi-colour Port/StarBoard mode 2NM – up to 14hrs battery life
- Port light only mode 2NM – up to 28 hrs battery life
- Starboard light only mode 2NM – up to 28 hrs battery life
- Waterproof to 1 metre
- Floats with lens clear of water
- Powered by 3 x AA batteries, not supplied
- Meets USCG 2NM 33 CFR 183.810 & ABYC A-16
- Fits any RAILBLAZA mounting port, ordered separately
- Made in New Zealand
- Battery powered - no wires required

*Port/Starboard, Part Number: 02-5005-11*

## NAVIPACK

Portable LED Navigation Light Kit

Kit features:

- No wires required
- Each light uses 3x AA batteries (not included)
- Lights meet USCG 2nm standards
- Pole disassembles for easy stowage in bag supplied
- Easily detached using RAILBLAZA StarPort mounts
- All fasteners supplied

*Includes all fasteners, Part Number: 04-4092-11*

## DINGHY VISIBILITY KIT

For vessels under 7 meters that do not exceed 7 knots. This kit provides you with everything you need to be seen on the water at night.

Kit Includes:

- Extenda Pole 1000
- Illuminate i360 All Round White LED light USCG2NM
- SidePort easily fitted to dinghy transom
- 1 x fastener pack
- Handy storage bag with draw string

*Includes all fasteners, Part Number: 04-4119-11*

## KAYAK VISIBILITY KIT II

This kit provides you with everything you need for your Kayak/ Canoe to be seen on the water day or night.

Kit Includes

- Extenda Pole 1000
- Fluorescent orange flag
- Illuminate i360 All Round white LED light
- StarPort HD mount
- 1 x Fastener pack
- 1 x velcro strap for storage of Extenda Pole

The Extenda Pole 1000 can also be used as an elevated camera mount using the RAILBLAZA camera mounts and for the attachment of a dive or national flag.

*Includes all fasteners, Part Number: 04-4084-11*

## ROWLOCKS

The RAILBLAZA Rowlock adds the versatility of the RIBPort to your inflatable. Fit the Rowlock to the RIBPort ready for rowing then when not in use you can remove and stow the oar. Now you can attach any of the other RAILBLAZA accessories, like rod holders, drink holders or mobile device holders. Fits most standard aluminium oars.

Black, **Part Number: 02-4047-11**  
White, **Part Number: 02-4047-21**

**RAILBLAZA**  
HOLD EVERYTHING...

## CLEVIS/ BIMINI SUPPORT

Attach a bimini, kayak sail, light pole or many other items to your boat, kayak, or anything else. Allows easy detachment of Bimini when not in use.

**Part Number: 02-4032-11**

White twin packs,  
**Part Number: 02-4032-21**

## FLAGPOLE

Light and strong, whether you need to mount a diving flag or just proudly display your allegiance to your club, sport, country or hoist the Jolly Roger. Easily removed for stowing.

800mmL (31.5")

Black Base, **Part Number: 02-4009-11**

## FLAGWHIP

Light, mobile & flexible, ideal for kayaks, ATVs or wherever you need to be seen.

- Increase visual presence on the water or farm
- 1200mm in length (47.25")
- Comes with 300x150mm pennant (12"x6")
- Easily removed for transporting

Black, **Part Number: 02-4010-11**  
White, **Part Number: 02-4010-21**

## EXTENDER POLE 1000

The Extenda Pole 1000 adds another dimension of versatility to the RAILBLAZA system. With a male StarPort adaptor at one end and a female StarPort at the top it is fully collapsible for easy stowing. Fly a flag attach a light, attach a camera mount kit or adjustable extender with a G-Hold to hold a torch. Fits into any StarPort, SidePort, RailMount or RIBPort.

Can be used at 3 different heights:

- 1 section height 380mm (15")
- 2 sections height 680mm (27")
- 3 sections height 980mm (38.5")

**Part Number: 02-4067-11**

## C.W.S CARRY, WASH & STORE BAG

Carrying, washing and storing your valuable RAILBLAZA equipment is now a lot easier with the C.W.S. Bag.

Simply remove the accessories from the StarPorts at the end of the day stow them into the mesh C.W.S. Bag, run the bag under a fresh water tap or hose to rinse off any salt or dirt and hang to dry.

The C.W.S. can also be used as a safety flag when used in conjunction with the RAILBLAZA Extenda Pole 1000.

Size 450mm x 450mm (18" x 18")

Part Number: 02-4068-81

## STARPORT WALL SLING

Storage of a wide range of watercraft including SUPs, canoes, windsurfers and kayaks just got quicker and easier with the RAILBLAZA StarPort Wall Sling. Installed in minutes and supplied with StarPorts, slings, adjustment buckles and screws the StarPort Wall Sling is great value for money. The Wall Sling will free up space in your garage, shed or yard by allowing you to hang your craft on the wall. You can hang it outside on one pair of StarPorts to wash down, and then easily transfer it to another pair of StarPorts inside to keep it warm and dry! If you want to use your sling at another location like your holiday home it's as cheap and easy as fitting two more StarPorts. Kit includes 2 Slings.

Part Number: 04-4050-11

## C-TUG DOUBLE UP BAR

The Double Up Bar allows you to assemble 2 x C-TUGs together, spreading the load and allowing you to carry heavier kayaks or boats. The bar is a specific length to keep the wheels close together allowing the double cart to be turned easily. Once loaded and balanced no lifting is required, all you have to do is pull it. Works with the standard C-TUG & C-TUG SandTrakz. Fits any C-TUG old or new.

- Easily disassembled
- Supplied with 2 x extended straps
- Carry weights up to 160kg (350lbs) static loading
- Works with C-TUG and C-TUG SandTrakz
- Ideal for heavy kayaks, dinghies & inflatable boats

Part Number: 50-0007-71

## SANDTRAKZ WHEELS

An easy upgrade for your standard C-TUG cart to give it all the features of a SandTrakz cart. (Fits any C-TUG old or new) Supplied as a pair.

Dimensions: Diameter: 315mm (12.5"), Width 90mm (3.5"), Bore 25.4mm (1")

Part Number: 50-0005-71

## THE ULTIMATE DINGHY WHEELS

- Easy installation & assembly
- Fibreglass reinforced UV resistant plastic
- Wheels easily removed when stowing dinghy
- Easy lock and unlock feature
- Multiple wheel positions
- 10 inch puncture free wheels
- Lightweight 4kg (9lbs) per pair
- Supplied with stainless steel fasteners and axles
- For use on boats up to 3.6m (12ft )
- For use with outboards up to 15HP (2 stroke) or 9.9 HP (4 stroke)
- Recommended working load up to 100kg (220lbs)
- Recommended maximum static load 120kg (260lbs)
- (Load rating varies on different surfaces)
- May not suit all transom configurations
- 2 year warranty

The C-TUG Dinghy Wheels are a lightweight and rugged option for transporting your dinghy up the beach avoiding having to carry the heavy load. The wheels have an easy lock and unlock function when adjusting to the up or down position. Easily clear the outboard with the multiple up positions. The wheel assembly can be easily removed from the transom mount allowing for stowing out of the sun when the boat is not in use. Ideally suited for inflatable boat tenders or small lightweight aluminium boats.

## C-TUG KAYAK CART

The C-Tug is the most durable, practical, light weight, kayak & canoe cart on the market. Made of quality engineering polymers, this trolley is great for all terrains, and will last many, many years.

- Dismantles in under 20 seconds
- Fits inside kayak hatch
- Tool-free assembly
- Puncture-free wheels with hi-grip rubber tread
- Light weight 4.3 kg (10 lbs) and easy to handle
- 120kg (260 lbs) static loading (capacity will vary with dynamic loading on different terrains)
- Reinforced composite material
- Thermo-bonded elastomeric hull pads
- Stainless steel reinforced axles
- 2.4m (7.5') strap with cam-lock buckle
- Adjustable kick-stand

**Part Number: 50-0001-71**

---

## C-TUG SANDTRAKZ KAYAK CART

When it comes to moving loads over soft sand, wider wheels are not necessarily better. Bulldozers and military tanks use long tracks, reducing the chance of them digging in. SandTrakz puncture free wheels mimic this track system, the outer rim compresses when in use giving a longer track length. On soft sand this reduces how hard you have to pull to move your cart by more than half compared to standard puncture free Kiwi Wheels\*. In fact the SandTrakz system is so effective we think it's better than balloon wheels!

- Half the effort\*
- Puncture free
- Fits inside hatches

Whilst they are designed to make life easier on soft surfaces, SandTrakz wheels are great on hard surfaces. Because C-TUG SandTrakz are designed to compress they act like suspension on hard surfaces, making for easy transition from soft to hard surfaces.

**Part Number: 50-0006-71**

## C-TUG PUNCTURE FREE WHEELS (PAIR)

Puncture free with hi-grip rubber tread to soften the ride. If you have an old C-TUG with pneumatic wheels and want to upgrade, all you do is clip off your old wheels, and clip on the new ones, easy as!!

The Kiwi wheels are supplied as a pair, and make for hassle-free use, no more pumping, and no more punctures.

Dimensions: Diameter 260mm (10"), Width 90mm (3.5"), Bore 25.4mm (1"), Axle length (inner to outer bush face) 83mm (3.27")

Part Number: 50-0002-71

## REPLACEMENT KICK STAND

The C-Tug replacement kickstand is a one piece part. The C-tug will need to be dismantled to allow fitting of the new part.

Part Number: CT-1003

## C-TUG REPLACEMENT CROSS BEAM - SINGLE

The C-Tug replacement cross beam is a single part which will do one side of the C-Tug. Supplied with toggle lock included.

Please note: 2 crossbeams are used in the assembly of a C-Tug.

Part Number: CT-1002

## C-TUG REPLACEMENT HULL PAD

The C-Tug Replacement Hull Pad is a single piece replacement hull pad platform for the C-Tug Kayak and Canoe Cart compatible with all C-Tug models using the integrated snap and lock technology.

Part Number: CT-1004

## C-TUG REPLACEMENT STRAP KIT

As of 2016 C-TUG and C-TUG SandTrakz carts are being supplied with an upgraded strap kit. The notable change is the new aluminium camlock buckle sewed to the lengthened strap (increased from 1.2m to 1.6m)

The kit contents now include:

- 1 x 1.6m x 38mm strap with the sewn on
- 38mm aluminium cam lock buckle
- 1 x 1.2m x 38mm Strap
- 2 x 38mm ladder locks

Part Number: CT-1033
